School Mask Requirements Remain in Place

Criteria for Lifting County Health Officer Indoor Mask Mandate

Data up to and including October 25, 2021 as of 5pm

All three criteria must be met to lift the indoor masking requirement in public spaces

Community Transmission - Does Not Meet
The jurisdiction reaches the moderate (yellow) COVID-19 transmission tier, as defined by the Centers for Disease Control & Prevention (CDC), and remains there for at least three weeks

Severity of Disease - Met
COVID-19 hospitalizations in the jurisdiction are low and stable, in the judgment of the health officer.
See Hospital Data Dashboard

Vaccinations - Does Not Meet
80% of the jurisdiction’s total population is fully vaccinated with two doses of Pfizer or Moderna or one dose of Johnson & Johnson (booster doses not considered) OR Eight weeks have passed since a COVID-19 vaccine has been authorized for emergency use by federal and state authorities for 11 year old

Please visit the CDC website to view the current COVID-19 case rate for San Mateo County
